Department Profitability Ranking

Strategic Recommendation

Improve receivable collections, tighten operating cost control, and prioritize investment toward high-efficiency departments.

Strongest Department

The strongest performing department is Finance, delivering the best contribution to overall profitability.

Biggest Profitability Risk

The highest profitability pressure comes from departments with low cost efficiency and weaker operating margins, requiring immediate cost control.

Cost Optimization Suggestion

Focus cost optimization on high-expense departments while protecting strong revenue-generating functions.

Dept	Total Revenue	Operating Profit	Gross Margin %	Cost Efficiency Ratio	Risk Level	Operating Cash Flow
Finance	364,621.95	169,739.40	80.42%	1.87	Low Risk	1,147,168.18
HR	314,786.77	86,979.57	70.17%	1.38	Medium Risk	1,064,408.35
IT	327,157.03	133,223.96	80.84%	1.69	Low Risk	1,110,652.74
